Common Initial Questions and Answers

When do I start the program? You can enter the program with the Movement Principles module which is offered at Awaken Pilates twice a year. If you have a conflict with these dates please contact Karin for options. From there you can do the Mat program, Reformer program or Comprehensive program.

Do I need to pay for all of it upfront? No, the nice thing about Balanced Body is they allow students to pay as they go which is extremely helpful from a financial standpoint and often rare with training programs. It is recommended you register and pay for each module no later than 2 weeks before the scheduled date to allow for manuals and videos to arrive to your home on time. If you register less than two weeks, we will have a manual for you and BB will ship your DVD.

Are any discounts given? Awaken offers students a discount when they register and commit to a module block of courses. See schedule above for discounts and code. These courses flow together so it is recommended you take them in the block for the best learning experience.

How do I know if I am ready to take the program? We find the more experience you have with Pilates before starting the program, the better absorption of the information both physically and mentally. Whether that's privates or group classes we encourage you to take Pilates and get familiar with our teaching style at Awaken before your first module. Once you are registered you can get discounts on classes and privates at Awaken.

Who teaches the courses? Karin Twigg is the program director at Awaken and teaches the majority of the courses. Kristen Wozniak, also a Balanced Body Master Instructor teaches the weekend courses with Karin.

In August of 2002, Karin moved to Minneapolis to be closer to family and by April of 2003 Awaken was open for business.
